

Welcome Students!

This is **your day** to explore your career and college interests. As you plan your schedule below, remember to allow time to visit both career sessions and college representatives. Many people are giving their time to be available for you because they care . . . We hope you will make it worthwhile for them by asking questions and expressing your thanks.

Have a fun and informative day!

Michelle Petznick, Registrar

Tina Kunzman, Career Services Coordinator

Career/College Day is sponsored by North Iowa Area Community College (NIACC)
