A.A.S. Paramedic

Emergency Medical Technician Basic (EMT-B)

Emergency Medical Technician
Intermediate (EMT-I)

Emergency Medical Technician
Paramedic (EMT-P)

Nurse Aide

A.A.S. Paramedic

The Paramedic Program is composed of three levels of training and certification. The three levels are: Emergency Medical Technician-Basic (EMT-B), Emergency Medical Technician-Intermediate (EMT-I), and Emergency Medical Technician-Paramedic (EMT-P). The courses are developed in a ladder sequence. The EMT-B courses are offered two to three times annually at various locations. The EMT-I courses are offered yearly, and EMT-P courses are offered every other year or as needed. The courses are offered evenings and weekends. All levels require completion of clinical experience. The EMT-I and EMT-P courses require completion of field experience with an advanced emergency medical service.

Program graduates may obtain employment or volunteer with public or private agencies employing emergency medical personnel who have successfully passed state and/or national certification examinations. Employers may also require psychological and physical dexterity examinations as a prerequisite for such employment. The College assumes no responsibility for paying for such examinations.

Upon successful completion of the two-year program, the graduate is awarded an associate in applied science degree.

Individuals who have completed the EMT-B, EMT-I, or EMT-P course prior to college credit approval and are currently certified in the state of Iowa may receive college credit. This college credit may be obtained for a nominal fee upon program completion and certification, upon submission of a qualification statement and supporting evidence of current certification and continuing education, and upon successful completion of the NIACC final test (80 percent or higher score).

ENTRANCE REQUIREMENTS FOR EMT-B:

1. Be at least 17 years of age at the time of enrollment.
2. Be proficient in writing, reading, and speaking English.
3. Hold or be eligible to obtain a current driver's license.
4. Be physically and emotionally capable of performing basic emergency care skills.
5. Current certification at the Basic Cardiac Life Healthcare Providers course with the American Heart Association.

Note: Criminal and adult abuse checks may also be required by individual agencies and the cost will be the responsibility of the student.

ENTRANCE REQUIREMENTS FOR EMT-I and EMT-P:

1. Be at least 17 years of age at the time of enrollment.
2. High school diploma or general education equivalent.
3. Maturity of judgment, sound moral character and health status to provide reasonable assurance that the student will meet the physical and mental demands of the occupation.
4. Evidence of successful completion in BCLS Healthcare Providers course.
5. Evidence of successful completion of a course of training for EMT-Ambulance, EMT-Defibrillation, or EMT-Basic.
6. Evidence of certification as an EMT-Ambulance, EMT-Defibrillation, or EMT-Basic for the state of Iowa or national registry.
7. Equivalent military training within the past year and experience as approved by the state agency.
8. A recommendation by the Advance Care Training Admission Committee attesting to the applicant's attitude, professionalism, motivation, dependability, and desire to follow instructions and orders with reliability.

****Note:** Criminal and adult abuse checks may also be required by individual agencies and the cost will be the responsibility of the student.

A physical examination and immunization record are required prior to beginning hospital clinicals at all levels of course work. The immunization requirements include receiving the hepatitis B vaccine or signing a waiver.

89:196 EMT-B: Part II.....	2 s.h.
89:189 EMT-I: Part I.....	4 s.h.
89:190 EMT-I: Part II.....	3 s.h.
89:191 EMT-Paramedic: Part I.....	8 s.h.
89:192 EMT-Paramedic: Part I.....	5 s.h.
89:193 EMT-Paramedic: Part III.....	5 s.h.
89:194 EMT-Paramedic Part IV	5 s.h.
Total	36 s.h.

The required related courses may be taken prior to enrolling, during the time the student is enrolled in the program, or after completion of the sequential curriculum.

Required Courses

70:250 Anatomy and Physiology I.....	4 s.h.
70:251 Anatomy and Physiology II.....	4 s.h.
30:101 Communication Skills I.....	4 s.h.
30:102 Communication Skills II.....	4 s.h.
80:101 General Psychology	3 s.h.
80:230 Human Growth & Development.....	3 s.h.

Other Recommended Related Electives	
15:140 Introduction to Computers and Information Systems.....	3 s.h.
15:142 Principals of Management.....	3 s.h.
15:241 Human Relations.....	3 s.h.

Course Descriptions

89:195 EMT-B: Part I (4 s.h.)This class provides the student with the necessary knowledge and skill to perform basic emergency care and transport. It includes an introduction preparation module, airway management module, patient assessment module, and medical, behavioral, and obstetrical/gynecological emergencies module. Six hours of clinical in the hospital and nursing home is also included. (47-30)

89:196 EMT-B: Part II (2 s.h.)Prerequisite 89:195, EMT-B: Part I. This course is a continuation of 89:195. It includes a trauma module, infants and children module, and operations module. Twelve hours of clinical in the hospital is also included. (20-26)

89:189 EMT-I: Part I (4 s.h.)Prerequisite: EMT-B State of Iowa Certification. This class provides the student with advanced skills to provide emergency care and transport. It includes roles and responsibilities, legal aspects, EMS system and communications, patient assessment, advanced airway management, shock management, including intravenous therapy and defibrillation. (48-22)

89:190 EMT-I: Part II (3 s.h.)Prerequisite: 89:189, EMT I: Part I. This course is a continuation of 89:189. It includes 65 hours of hospital clinical experience and 70 hours of field experience. (0-135)

89:191 EMT-P: Part I (8 s.h.)Prerequisite: EMT-B and EMT-I State of Iowa Certification, or 89:189, EMT-I: Part I. This course provides the student with the most advanced prehospital training available. It includes roles and responsibilities, EMS systems and communications, legal aspects, rescue and major incident response, lifting and moving, patient assessment, advanced airway management, advanced shock management, administration of medications, respiratory emergencies, cardiovascular emergencies, including dysrhythmia recognition and ACLS. (97-48)

89:192 EMT-P: Part II (5 s.h.)Prerequisite 89:191, EMT-P: Part I. This course is a continuation of 89:191 and includes trauma, burns, 80 hours of hospital clinical experience, and 60 hours of field experience. (22-140)

89:193 EMT-P: Part III (5 s.h.)Prerequisite 89:192, EMT-P: Part II. This course includes 100 hours of hospital clinical experience and 120 hours of field experience. (0-220)

89:194 EMT-P: Part IV (5 s.h.)Prerequisite 89:193, EMT-P: Part III. This course includes medical emergencies (endocrine, nervous, abdominal, poisoning, environmental, geriatric, and pediatric), obstetrical emergencies, neonatal emergencies, and behavioral emergencies. (66-30)

Nurse Aide

The Nurse Aide course prepares individuals to work in long-term care facilities (LTC) and hospitals.

Nurse Aide classes are offered monthly in the NIACC area. Upon completion of the Nurse Aide course, a state written test and a skills demonstration test must be completed with a score of 70 percent or better. Passing these tests is required in order to be placed on the Department of Inspections and Appeals Nurse Aide Registry which is necessary to be employed as a nurse aide in long-term care.

ENTRANCE REQUIREMENTS FOR NURSE AIDE

1. Must be 16 years or older.
2. Strength and endurance to meet the requirements in performing skills such as lifting and moving residents.
3. Completed pre-course instruction, videos, and competencies.
4. Physical exam by primary care provider. Rubella titer, TB test, hepatitis B vaccine, or waiver for the hepatitis vaccine.

****Note:** Criminal and adult abuse checks may also be required by individual agencies and the cost will be the responsibility of the student.

Course Descriptions

89:164 (2 s.h.) 89:165 (1 s.h.) Nurse Aide Theory and Clinical. This 75-hour nurse aide course has been designed to meet the training requirements of The Omnibus Budget Reconciliation Act of 1987 (OBRA) for aides working in nursing facilities (NF) and skilled nursing facilities (SNF). Emphasis in the course is on students achieving a basic level of knowledge and demonstrating skills to provide safe, effective resident care. The course has been developed in six units of study. (30-30) and (0-45)
