

Course Schedule Spring 2009

NIACC's Lifelong Learning Institute
500 College Drive
Mason City, Iowa 50401
641-422-4358
LLI@niacc.edu

Welcome to Second Semester!!

The Lifelong Learning Institute became a reality for the NIACC community last September and memberships began to arrive daily. The interest and excitement of the new members were contagious and we even had to move to larger rooms for some of the classes.

Adults of all ages, from their 30's to their 80's joined and signed up for classes. Moms attended classes while the children were in school and retired members fit classes in between all of their other activities. Many members work and took advantage of the lunchtime courses or evening courses. All had one common bond—a love of learning--- and what a wonderful first semester of learning we just finished! Our members have been busy taking classes, discussing, writing, drawing, reading, meeting new people and having fun.

Members also voiced their suggestions for new courses. I think you will find the next semester selection of courses and groups to be very inviting. What a wonderful way to spend an Iowa winter and welcome in the spring. Become a college student but without grades, tests, or papers.

Take one course or sign up for all! Join the fun! Join the Lifelong Learning Institute! Learn for the joy of learning!

Susan L. Nagle
Lifelong Learning Institute

Memberships

Memberships are available for two semesters for \$99.00. A member may join for Spring and Fall or Fall and Spring. Members are able to register for all courses without additional tuition.
