

It's **Mind Mania**!

Mind Mania is the best week of your summer, and we are now offering campers a chance to double their summer fun! NIACC's Mind Mania Summer Camp 2011 will offer two sessions for campers. Session One will run from June 13 through June 17, and Session Two will run from June 20 through June 24.

Mind Mania takes the best parts of every camp and rolls them into one. NIACC's Mind Mania day camp offers campers the chance to

exercise their minds in the morning and their energy in the afternoon.

Kids in grades 4-8 can find out exactly what the excitement is this summer when they attend one or both of the week-long camps (*June 13 – 17 and/or June 20 – 24*).

Both camps will run every day for a full week from 9 a.m. to 4 p.m., and kids will explore areas like sports, nature, forensics, creative writing, computers, theater, and more! Plus, our instructors are top of the line... from BA's to PhD's... NIACC has it all.

@ NIACC x two

Join in on all the fun this summer and get in on Mind Mania! Following a morning of fun and learning, campers will break for lunch with entrees such as cheeseburgers, pizza, spaghetti, tacos, and chicken strips. In the afternoon, the fun continues with high-energy activities.

Returning for 2011, campers can sign up for two camps and have twice the fun! For each camp, your camper will enroll in only one morning session and one afternoon session. That means every camper will choose one

class to take all week long for the morning session and one class to take all week long for the afternoon session.

Space is limited, so sign up today! For more information on how to register your camper, call 641-422-4358 or toll-free 1-888-GO NIACC, ext. 4358 or, visit us online at www.niacc.edu/summer.

Registration is only \$125 per child, per week. Mind Mania has it all, so come have a ball!

Please Note: Some courses have additional fees.
