

*"Your connection to education and opportunity"*

**Hampton-Dumont**

**High School**

Hampton-Dumont High School, in partnership with North Iowa Area Community College, has developed postsecondary educational opportunities for students.

Students will earn college credit and high school credit at no cost to them. This allows students to begin college transcripts NOW.

Students can explore career opportunities to determine areas of interest and pursue them to the next level of education or directly enter the work force.

## NIACC courses offered at HDHS

### Composition I & II\* (6 s.h.) (Seniors only)

Students improve skills in reading, writing, and listening. Research methods are also a focus.

### Applied Math A, B, C, D (1 credit per A, B, C, D)

This course covers essential topics in algebra, including ratio and proportion, as well as unit conversions, and order of operations, including solving equations, word problems, and basic statistics

### College Algebra\* (4 s.h.)

The study of various classes of functions, their graphs, and applications: linear, polynomial, rational, root, inverse, exponential, and logarithmic.

### Trigonometry and Analytic Geometry\* (3 s.h.)

Intended for students majoring in engineering, mathematics, physics, chemistry, or certain vocational fields. A study of both trigonometric and conic functions and equations.

### Emergency Medical Technician (7 s.h.)

Prerequisites: Be at least 17 years of age at the time of Enrollment; be able to speak, write, and read English proficiently; be physically and emotionally capable of performing all functions and skills of an EMR; possess maturity of judgment and sound moral character; provide documentation of current certification in BLS for Healthcare Providers. This course provides the student with the necessary skills and knowledge to identify and treat life-threatening emergencies, wounds and fractures, medical and environmental emergencies, and patient access and handling.

**\* These courses meet core General Education requirements at many colleges.**

### Intro to Entrepreneurship (3 s.h.)

This course introduces the concept of Entrepreneurship beginning with identifying characteristics of the Entrepreneur, evaluating opportunities, feasibility, financing, and planning for success. Students will also understand the need for a contingency plan as well as an exit strategy.

### Human Relations (3 s.h.)

Human Relations is a course designed to improve the student's ability to function in the workplace. This class will work on increasing the student's self-awareness and improving their ability to get along with customers, co-workers, and supervisors.

### Carpentry Fundamentals I & II (4 s.h.)

General skills instruction covers safety; basic hand tools; basic power tools; jobsite safety; print reading; construction materials and systems; construction fasteners and processes; residential construction practices; and commercial construction practices

### Nurse Aide Theory & Clinical (3.5 s.h.)

This 75-hour nurse aide course is designed to meet the training requirements for aides working in nursing facilities. Emphasis is on students achieving a basic level of knowledge and demonstrating skills to provide safe, effective resident care.
